EXPERIENCE

State Farm — *Account Representative*

May 2018 - September 2019

Produced policies for clients, based on individual insurance needs. Advocated for the transition and use of CRM software to keep track of the progress of sales.

Cruise Automation/General Motors — *Ground Truth Specialist & Dataset Coordinator*

November 2016 - February 2018

Analyzed internal processes, and created improvements that increased efficiency of obtaining accurately labeled data. Adopted new tools & features, and created workflows, allowing the team size to grow steadily while increasing data throughput exponentially. Collaborated with multiple teams on priorities & goals for obtaining data.

EDUCATION

B.S. Business Administration/Marketing — *San Francisco State University*

Class of 2016
